6. COMPULSORY PARENTS' EVENING - TERM 4 2026

Parents and guardians are invited to attend the Term four **COMPULSORY** Parents' Evening that will take place on the 15TH of October 2026 strictly from 16:00 - 18:00 (no late comers). Parents will have the opportunity to view learners' Term three assessments and set academic targets for Term four. Parents will also have the opportunity to discuss academic results with subject educators as well as view learners' cumulative defaults/demerits. At least one parent/guardian must attend this **important meeting**.

7. VERY IMPORTANT! INCIDENTS HAPPENING OUTSIDE SCHOOL PREMISES

Learners committing acts of misconduct outside the school premises will be charged in accordance with the school code of conduct, especially if they transgress while wearing the school uniform. The school has authority over such learners because their acts might bring the name of the school into disrepute. In addition, the school has a duty to always foster healthy relationships between and among learners. However, the school will **not be held legally liable** (even for negligence) if such acts happen outside the school premises (after school hours), except in instances where learners are on an official school excursion. Learners are therefore supposed to report acts of misconduct to their register teacher, who will then escalate the matter to the Departmental Head, then to the Deputy Principal and the Principal, respectively. Parents are humbly requested to **note this communication flow**. To this end, parents are once again requested to have their children fetched immediately after 14h00 - this is the best solution to circumvent unpalatable after-school incidents.

8. COMMUNICATION RISK

There is a growing concern that some of the parents/guardians do not answer telephone calls from the school. This is viewed in a very serious light because it poses a major risk in cases of emergency, where reaching the parent/guardian is a matter of life and death. We implore all parents/guardians to ensure that calls from the school are accepted.

9. PATTERNS OF REGULAR ABSENTEEISM

Class teachers have reported an increase in the number of learners who are regularly absent from school. This is a serious concern for many reasons. It disturbs the learners' process of learning, creates content gaps and often results in learners missing assessments which are being written on a continuous basis. We implore all parents to ensure that learners attend school on a daily basis. **In cases of emergency, ill health or other VALID reasons for absence, parents/guardians must communicate with the class teacher via learners' compulsory diary. Evidence must be provided, where necessary.** A register is being kept and communicated with the District on a weekly basis for learners who are regularly absent without valid reason. We expect maximum co-operation in this regard. The school has a legal duty to report suspected cases of child neglect, and this is normally identified through unexplained regular absenteeism by some learners. The school will complete Form 22 in line with the SBST policy, and an investigation will ensue, driven by social workers and the GDE.

10. DROPPING OFF LUNCH/BOOKS OR ANY OTHER ITEMS AT SCHOOL IS NOT ALLOWED

As communicated on several occasions, we remind parents/guardians that dropping off lunch/meals, books, projects or other items for learners is **strictly prohibited**. We expect our learners to be responsible and not leave their lunches/meals at home. We also remind parents to ensure that learners are organized and prepared the day before so that they do not forget to bring their books and assessments/projects to school as per their timetables and assessment plans. This is non-negotiable. This has been effected due to learner safety concerns and we expect our parents and guardians to co-operate with the school.

requirements are met so that teaching and learning can effectively commence on day one of the 2027 academic year. We thank our parents/guardians in advance for their co-operation in this regard.
